VTECH ANNOUNCES 2013 MMI RATING

VTech Contract Manufacturing is pleased to announce that we have received a ranking of #29 among the Top 50 EMS providers worldwide according to the Manufacturing Marketing Insider (MMI) Annual Survey on March 2014 edition.

Lookup >><http://www.mfgmkt.com/index.html> for more information.

We credit our continued successful ranking on the annual survey to the continued support from our current customer base, as well as new customers from our active new business development team. VTech CMS is expected to continue outperforming the global electronic manufacturing services (EMS) market to achieve further growth.

Since the implementation of a Class 10,000 Clean Room and new, state-of-the-art SMT Lines, VTech CMS has continued to expand in the medical product market while maintaining our core focus on professional audio equipment, telecom, lighting, industrial automation, power conversion products, and a variety of innovative wireless applications.

Within the coming new fiscal year, VTech CMS will begin the construction phase of our 5th CMS building, further expanding our capabilities to support our growing customer base. VTech is proud to offer the highest quality manufacturing solutions across a variety of markets and we remain confident that our growth and high reputation for support and quality will remain steadfast.
